JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 23 February 1977

1. (Internal Use Only - RSG) LIAISON Received a call from Jim Riehl, Library of Congress, Congressional Research Service, who inquired about the availability of CIA annual reports from 1966 through 1976. He indicated he was gathering annual reports for these years from all executive branches for use by the House Select Committee on Narcotics Abuse and Control. He also indicated that he was having difficulty finding reports from such agencies as HEW and HUD. I indicated to him that it was the Agency's practice to report to its oversight committees and that we had recently briefed the Narcotics Committee specifically. He seemed satisfied with this response, and no further action appears necessary.

2. (Secret - PG) THIRD AGENCY Received a call from J. J. Hitchcock, State Department, concerning Senator Daniel K. Inouye's (D., Hawaii) letter which asks various agencies what information they have received from one another regarding intelligence activities in the U. S. of foreign intelligence services, [redacted] I told Hitchcock that we will not reply to Senator Inouye's letter until a judgment has been made by the White House concerning the third agency rule, etc., presently being adjudicated. Hitchcock reminded me that FBI had made a very quick reply to Senator Inouye's letter and asked if I was aware of the substance. I checked with [redacted] office and determined that they had obtained a copy of the FBI letter, which I was told forwarded 13 FBI reports and reminded the Senate Select Committee on Intelligence of the FBI's obligation under the third agency rule. Hitchcock and I will remain in touch in order to coordinate replies to the Inouye letter when and if they are made.

3. (Unclassified - BLP) LIAISON Kathy Joseph, Director of the William Randolph Hearst Foundation's Senate Youth Program, called to obtain Mr. Knoche's mailing address in order that they might thank him for addressing their group on 1 February. I also advised her that I would check on the status of photographs taken at the event and mail them to her.
